

Kohs & Company *The Finest in O'scale*

INCORPORATED

In-process G.O.D. from project design

Edition #2 - Pennsylvania Railroad GG-1

Copyright © Kohs & Company, inc. 1998

Our 1:48 reproductions of this classic locomotive will include all of the variations and paint schemes used by the Pennsylvania Railroad between 1934 and 1955. This will include both 'Dark Green' and 'Tuscan' body colors, Futura and Clarendon lettering, 5-stripe and broad-stripe with 16" Roman lettering and graphics done in 'Gold Leaf' and 'Dulux' gold where appropriate. The models will also include the following features.

- Dallee Electronics Digital Sound System
- One-Piece Brass Body Shell with No Seams
- Cast Brass Alloy Main Frames and Pilot Trucks
- Fully Equalized and Sprung Suspension
- Twin Custom Pittman Ball-Bearing Motors with RFI Rings
- Flywheels on both Motors
- 66 Ball-Bearing units used throughout the model
- Switch Selectable Power from Rail or Overhead Wire
- Remote Raising and Lowering of Pantographs
- Free-Coasting Ball-Bearing Equipped Drive Mechanism
- Real Glass Windows
- Constant-Voltage Directional Lighting
- Complete Cab Interior Detail
- Complete Under-Body Detail
- All Hatches, Compartments and Doors open
- Main Side Windows open
- All appropriate Road-Numbers available
- Drop and Fixed Coupler Versions
